### **1 INFORMATION ON IMPACTS AND ACTIVITIES AROUND THE SITE**

#### **1.1 Site Management**

##### **Body responsible for the management of the site (to be supplied where relevant)**

The full reference including name, address and phone/fax of the authority and/or individual responsible for the management of the site shall be provided.

##### **Information on site management plans and practice, including traditional human activities shall be supplied where relevant.**

A concise overview of the management plans undertaken or under preparation, with an agenda of actions. These should take into account the threats to the site described by the human activities in association with the vulnerability field. Information of this kind can in many cases be an important consideration when estimating the degree of success when evaluating the conservation measures proposed under LIFE or other financial instruments.

#### **1.2 Management plan**

Indicate whether there is a valid special management plan for the area or has such a plan in preparation. Although it is recognized that the management plans do not require in accordance with the Directive, the information is of particular interest for the understanding of the instruments used by Member States for the management of its network as well as to find more specific information as needed.

If there is a valid management plan, specify its name and a link to the appropriate Internet resources (eg, a link to the website of the national information system). Take into account that in general URLs often change and therefore avoid entering unstable URLs.

#### **1.3 Conservation measures**

Information on conservation measures that have been taken or are necessary for the area can be noted in the free text.

## **2 UPRAVLJANJE PODRUČJEM**

### **2.1 Tijelo odgovorno za upravljanje područjem**

Navedite informacije o tijelu(-ima) odgovornom(-ima) za upravljanje područjem.

Unesite kompletne podatke uključujući ime, adresu, telefon/faks, elektroničku poštu tijela i/ili osobe odgovornih za upravljanje područjem.

Moguće je navesti kompletne podatke za više od jednog tijela.

### **2.2 Plan upravljanja**

Navedite postoji li poseban važeći plan upravljanja za područje ili je takav plan u pripremi. Iako se priznaje da se planovi upravljanja ne zahtijevaju u skladu s Direktivom, te su informacije od posebnog interesa za razumijevanje instrumenata koje države članice koriste za upravljanje svojom mrežom kao i za pronalaženje specifičnijih informacija, prema potrebi.

Ako postoji važeći plan upravljanja, navedite njegov naziv i poveznicu na odgovarajuće internetske izvore (npr. poveznica na web stranicu nacionalnog sustava informiranja). Uzmite u obzir da se općenito URL-ovi često mijenjaju pa zato izbjegavajte unositi nestabilne URL-ove.

### **2.3 Mjere očuvanja (neobvezno)**

Informacije o mjerama očuvanja koje su poduzete ili su potrebne za područje mogu se navesti u polju za slobodan tekst.
